Testimonial from BBN Business Expo 2018

Finding the perfect speaker to motivate our community of business owners, is not easy at all. Most public speakers are there for their own personal gain and benefit.

We at BBN Business Network were very privileged to have Lizette Volkwyn as one of our keynote speakers in KZN 2018. From the moment that we met with her, till the time of her talk, her positive energy totally blown every attendee away. We all learned that everything around us is made up of energy. To attract positive results we will have to start with a positive energy and attitude that we give first. So very true.

From the team of BBN Business Network & Marketing, we wish to thank Lizette Volkwyn for being one of our key speakers this year.

Your talk on “**Are you running a Bragship or Flagship**” was a perfect fit topic for the economy that we are currently in and she motivated everyone attending. We believe the knowledge that you shared will boost our community business owners immensely and for this we are very grateful. We also realize that your time is precious and we were honoured to have you as one of our speakers this year.

We look forward to see you again at one of our networking events or any future BBN Business Expo.

We wish you abundant success and again a huge BIG thank you for your support.

Kindest Regards
